

Join our Research Community

Help us make a difference today

Ymchwil Iechyd
a Gofal Cymru
Health and Care
Research Wales

Join the community - take part in research

We're asking people aged
16+ to make a difference for
mental health by joining our
Research Community.

The Research Community is
made up of thousands of people
who take part in research to:

- help prevent mental health problems
- spot mental health problems earlier
- find better ways to support and care for people.

info@ncmh.info

By joining, you can:

- take part in our open surveys
- receive invitations to other research opportunities that might interest you
- get regular updates about our work and your impact.
